

The reliable, rechargeable workhorse that propels productivity forward day after day

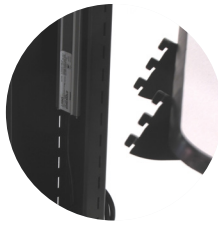

The patented NB Series is the workhorse of our mobile powered carts line-up. The rugged, long-lasting design keeps our carts working on your floor for years, while unmatched mobility and flexible configurations let you reinvent legacy processes and unlock measurable efficiency gains.

With the largest range of accessories, the NB Series can accommodate almost any profile of workstation including those with scales, testing equipment, large monitors, barcode printers and even laser printers. At the end of use, simply plug your cart into a standard wall outlet to recharge.
