

The stand-alone power systems that power your heavy loads with ease

The PowerPack Mega Series 12/12-LI and 55/55-LI stand alone power systems provide quiet, seamless AC power for as long as 12+ hours at a time. These sturdy sidekicks excel at powering laptops, computers, barcode printers, POS systems, scales, testers and even laser printers. At the end of your shift or use, simply plug it into a standard wall outlet to recharge. Compared to using extension cords or generators, the PowerPack Mega Series offers a safer, quieter portable power option.

Typical applications

- › Non-powered equipment carts
- › Outdoor mobile concessions
- › Remote display areas
- › Areas where power is not available such as far corners of the warehouse, loading docks, remote storage areas, and much more

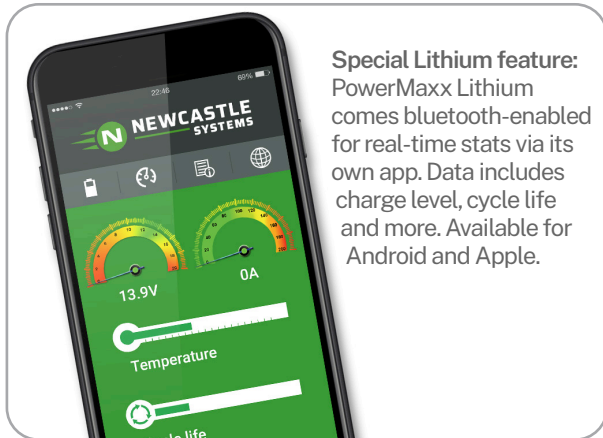

Newcastle PowerPack Mega Series 12/12-LI AND 55/55-LI

Stand Alone Power Systems

POWERM maxx LITHIUM

Advanced tech meets brute strength. Get up to a decade of superior performance before needing even a battery change. Significantly lower cost of ownership compared with PowerMaxx SLA.

Special Lithium feature: PowerMaxx Lithium comes bluetooth-enabled for real-time stats via its own app. Data includes charge level, cycle life and more. Available for Android and Apple.
