

Newcastle Mobile Powered Carts dramatically increase productivity and help you find the untapped potential in your workers.

# HAPPIER WORKERS. STREAMLINED OPERATIONS.

A bold claim. But seriously: Customers report employee satisfaction as one of the greatest perks of our carts. It's easy to understand why – workers are more contented when they are productive and comfortable. Workers love these carts, which boosts employee retention and helps to relieve staffing issues.

## 2X PRODUCTIVITY

Get the most from every valuable employee – higher job satisfaction too. With a portable workstation, your employees can know that they are putting in a more productive day. This not only leads to benefits for your bottom line but it helps them as well.

## Ergonomic design

Effortlessly move the workstation throughout the workplace

## 92% FEWER ERRORS

Input, print and apply labels at the dock—say goodbye to pricey mistakes.

## Integrated power supply

Reduce downtime and eliminate the need to return to a fixed workstation

## TRIMMED PAYROLL

Higher output in fewer hours will benefit you come payroll time. A Newcastle powered cart will not only make your employees happier but your bottom line as well.

## Flexible and efficient

Minimize disruptions and increase productivity

## QUICK PAYBACK

Predictable 6-8 month ROI, then years of benefits.

# MEET THE TEAM
