

THE NEWCASTLE POWERSELLER PROGRAM: MAKE A BUNDLE.

EVERYTHING YOU NEED TO SUCCEED

Kevin Ledversis
Director of Sales

“We’re all in with our resellers, and we want you to be part of the success. Our reputation is rock solid, our RSMs are awesome, and we have 30+ years selling in this space, with lots of big-name wins (like Walmart, UPS and TJX) and countless smaller companies.

“It’s not rocket science. Our carts transform your customers’ productivity equation, and introduce mobile printing—POW!—as a reason for upgrading legacy peripherals. Use our [MotionMeter app](#) to show your customers the savings they’ll achieve before they spend a nickel. And the math is great: Six month ROI. Seven including printer and bar code hardware.

“Plus we work like hell to support you. Typical comment: ‘My RSM made the sale painless—even did the demo without me!’ Our motto: We lift, you sell. Whatever you need, we’re there. Skeptical? Ask anyone who’s worked with us.”

“Our PowerSeller program offers great incentives and support. But it’s the products that matter most—and our powered carts don’t disappoint. They offer benefits that are easy for both your sales team and customers to understand, and they open the door to peripheral upgrades, so you can bundle solutions—and make a bundle.

“But as anyone who’s been at this knows, marketing is key. Let us help you fill the funnel. With a wealth of experience and our library of materials — ads, emails, videos, presentations, all customized with your branding—you can reach new customers, and transform your current customers into true believers. We’ve done it for countless companies. Let us do it for you.”

Director of Marketing
